MAN ADMITS HE DROWNED HIS 2 STEP-DAUGHTERS

Wanted To Be "Rid" Of Them He Tells Police In St. Louis

BULLETIN
 St. Louis, Oct. 9.—(P)—Two Oak-land county residents admitted today that they had drowned the bodies of their two step-daughters in a pond near their home in the middle of the night. The girls, 10 and 12 years old, were found floating in the pond after the bodies had been recovered from the water.

The girls, Katherine Woodin, 10, and Virginia, 12, were found floating in the pond after the bodies had been recovered from the water.

Depaties Walter Arnold and Floyd Harp of Oakland found the bodies while dragging from a rowboat in the middle of the lake.

St. Louis, Oct. 9.—(P)—Fertin Rowland, a Michigan woodsman, confessed today, according to Chief of Police John J. McCarthy, that he drowned his two small step-daughters in a Michigan lake because he wanted to be "rid" of them.

The girls, Katherine Woodin, 10, and Virginia, 12, daughters of his wife, a former marriage, disappeared from Harrison, Mich., Sept. 17 with their step-father. Their mother is in custody in Harrison.

Rowland, traced to St. Louis by correspondence with friends in Michigan, was arrested by local and Michigan officers in a hotel here today. They said he attempted to shoot himself when they apprehended him.

According to the statement made to the chief of police, Rowland took his step-daughters from their home the morning of September 17, and drove to Lake Saginaw near Flint, Mich.

There, he placed the children in a row boat, rowed to deep water and waded them to a place-point which had been used as a landing. Then he waded the boat until they tumbled overboard.

Rowland told officers the children made no outcry as they disappeared below the surface, and he swam back to the shore and retrieved his truck.

Then Rowland returned to the home of a brother at Grand Blanc, Mich., and remained there until Sept. 23, explaining he had given the children for adoption to a friend family which had moved to Baltimore.

From Grand Blanc Rowland returned home. A week ago he was questioned by police, who heard gossip that the step-father's explanation was untrue. The next day police returned to the Rowland home and found he had disappeared.

Today police said he took a bus from his home for St. Louis. As police entered the hotel room where Rowland was reported, he said he grabbed a small revolver from under his shirt and attempted to turn it upon himself. He was prevented, however, and was rushed to detective headquarters where he broke down after about an hour of intensive questioning.

The lead to the motive behind the disappearance of the two children came from a sentence in the letter to John Graham, a neighbor of the woodsman in which the writer mentioned getting the kids off our hands.

RELIEF ROLLS INCREASING
 Chicago, Oct. 9.—(P)—An increase of 2,817 families on the resident relief rolls in Illinois was recorded in September. According to S. Reynolds, executive secretary of the Illinois Emergency Relief Commission, announced today.

An increase of 2,402 families was noted in Cook county, while the domestic total decreased 408, from the August figure. During September 286,330 resident families were cared for with public relief funds.

U.S. GAMBLING WITH GOD, GOV. TALMADGE SAYS

Declares Caring For Needy Religious Function

New York, Oct. 9.—(P)—With gestulation and perspiration, Governor Eugene Talmadge of Georgia told today that the government is "gambling with God and playing a losing game" by its crop restrictions and that it is stifling religion by its relief activities.

Wearing a grey checked suit which hid his famous red suspenders, the governor kept his audience laughing and applauding for more than an hour with homely thrusts at President Roosevelt and the New Deal.

With him on the dais was Bainbridge Colby, secretary of state in the Wilson administration and political associate of William Randolph Hearst, who has urged the formation of a "Jeffersonian Democratic Party" for 1936 to defeat Roosevelt.

Governor Talmadge held that caring for the destitute was a religious function and "not the proper function of government."

"You cannot live up to the word of God only by going to church on Sunday and singing a song," he said. "If you don't help until it hurts, then the religion dries up in your soul. If the government keeps handing relief, manuring ladies' nails and giving relief people cars to ride around in, it will stifle religion in the country and all religion will just dry up. Let the communities take care of relief through their religious organizations."

The colorful southerner revealed himself as a poet as well as an orator, concluding his address with a poem of his own composition.

"I thank my God the sun and moon are both stuck up so high. That no presumptuous hand can stretch And pluck them from the sky. If they were not, I do believe That some reforming ass Would recommend to take them down And light the world with gas."

CHOOSE JURORS IN MUTILATION MURDER TRIAL

Chicago, Oct. 9.—(P)—A prosecution drive for the death penalty and a defense course directed to include a roster of temporary insanity were indicated today as eight jurors were selected to try Manderville W. Zenge for the mutilation slaying of his love rival, Dr. Walter J. Bauer.

Little difficulty developed in getting the first jury panel after the trial of the 26 year old Canton, Mo. carpenter-farmer opened before Judge Cornelius J. Harrington.

Admitted in a new blue suit, white shirt and red tie, the tall young defendant sat stoically between two deputy sheriffs. A smile lighted his face when his gaze encountered that of his parents, Mr. and Mrs. J. Andy Zenge who came from their Missouri home to assist him.

Assistant Attorney Charles S. Dougherty said the prosecution would present case, largely circumstantial, but overwhelmingly pointing to the prisoner as slayer of Dr. Bauer, 38 year old Kirksville, Mo., chemistry professor who married Zenge's former fiancée.

The state would show, Dougherty said, that Zenge and Mrs. Louise Schaeffer Bauer, 23 year old widow of the victim, were childhood sweethearts, had been prevented from marriage by lack of funds, and then planned to be wed last summer. Three days before the date set, she suddenly married Dr. Bauer, who was employed at the hospital where she was superintendent of nurses.

Bitterly disappointed at the loss of his sweetheart, young Zenge wandered from home until he located Dr. Bauer at Ann Arbor, Mich., whither he had gone for a summer study. Dougherty said the state would prove the doctor was kidnapped from his Ann Arbor hotel the night of July 30 and was compelled by his abductor to drive to Chicago where Bauer was bound and fatally emasculated with a pen knife.

Dougherty said the state would produce witnesses to show that the "Jones" who abducted Bauer was Zenge.

Mrs. Bauer has been called as a prosecution witness.

Attorneys said four forms of verdict were possible. Guilty, with a sentence of from one to fourteen years or electrocution; innocent by reason of insanity; acquittal because of temporary insanity; and acquittal.

KILLED BY AUTO
 Freeport, Ill., Oct. 9.—(P)—Russell Ryan, 38, former star quarter-miler on the University of Chicago track team, was killed in an auto accident near Houston, Tex., yesterday afternoon. Relatives here were informed today.

Five Wedges Driven in Ethiopia

Five deep wedges are being driven into Ethiopian territory by the Italians to cut off munitions shipments and other aid from the bordering nations. The map shows the spearheads of attack. No. 1 is driven straight south from Eritrea through Adowa. No. 2, also starting from Eritrea and based on Mt. Mussa Ali, cuts southwest and then swings south toward the important rail center of Dire Dawa. No. 3, out of Italian Somaliland, has brought occupation of Gerlogubi, to protect the flank of the troops advancing up the Webbe Shihel valley, and then is headed through difficult mountain country toward Jijiga and Harrar. No. 4 army has occupied Dolo and is pushing westward to isolate Ethiopia from Kenya on the south. The No. 5 army is penetrating southward along the western border of Ethiopia to cut off contact by the main caravan route from Khartoum in the Sudan.

Striking Farmers Scatter Violence Over Chicago Milk Shed; Picket-Farmer is Shot

G. THOMPSON'S FATE IS UP TO PARDON BOARD

Chicago, Oct. 9.—(P)—Flying squadrons of striking farmers scattered violence over the Chicago milk shed today but authorities reiterated belief that local officers would be able to maintain order.

At Springfield, Gov. Henry Horner informed that a picket-farmer had been shot but only slightly wounded in an assault on three milk trucks near Belvidere, said he did not believe it necessary to summon the national guard for the present. He was, however, keeping in close touch with the situation in the northern counties through a guard observer.

He had warned that "legitimate traffic" must not be interfered with. Threats of guerrilla warfare between opposing bands of milk producers and members of the Pure Milk Association which opposes the strike and the United Farmers of Illinois which supports it—were voiced as the PMA admitted one third of the normal milk supply was now being withheld from this city.

Against the roving pickets who dumped 45,000 pounds of milk near McHenry, the PMA declared they would arm similar bands of non-striking members to convey shipments. Don C. Gray, PMA head, asserted some sheriffs and other local officials were apparently indifferent to the violence the strike has engendered.

Strikers received pledges of support during the day from Milo Reno, president of the National Farm Holiday Association, and E. H. Everson, president of the National Farmers Union. At Yankton, S. D., they said, "We will be disappointed if any other group of milk producers contribute their supply to defeat them (the strikers) in this noble objective."

Herman Juris, the farm hand shot when about 100 pickets attempted to seize three truckloads of milk near Belvidere, was given hospital treatment for three small wounds in the left side. Donald Crawford, a guard on the truck, was arrested for his own safety, officers said, after allegedly firing the shot. No charges were placed against Crawford. Officers said the shots were fired when the crowd which included several women stoned the trucks.

At Garden Prairie the sheriff and five deputies drove off about fifty men who attempted to burn a milk truck. The strikers, who had refused Gov. Henry's peace plan for a 30-day truce, initiated efforts toward a severance of the producers from the PMA, that organization reported that of the 4,492,920 pounds of milk it ordinarily shipped daily to Chicago under contract to dealers, 1,416,082 pounds was being kept off the market.

Sullivan Man Is Given Life Term
 Harrisburg, Ill., Oct. 9.—(P)—Steven Worsman, Sullivan, was sentenced to life imprisonment in the State penitentiary today for the murder of Mrs. Estelle Hampton, Murphysboro, his former sweetheart.

Worsman, member of a well known Sullivan family, pleaded guilty yesterday to shooting Mrs. Hampton, bride of a few days, in a fit of jealous rage last June 13. Sentence was passed by Judge D. F. Rumsey.

The girl, courted by Worsman, married Monroe Hampton, Herrin, June 8. Learning of the marriage, Worsman told police, he drove to Murphysboro, where Mrs. Hampton was staying temporarily with her sister, Mrs. Reba Heape, called her to the curb, and shot her. He drove away but later surrendered.

TYPHOID EPIDEMIC
 Littlefield, Ill., Oct. 9.—(P)—City and county health officers today began an investigation into an outbreak of typhoid fever here as the tenth recent case was reported. Officials were investigating a nearby milk supply as the possible source of the disease.

JOHN AND JAMES ROOSEVELT HAVE NARROW ESCAPE

Auto Plunges Through Gate And Strikes Train In Boston

Boston, Oct. 9.—(P)—James and John Roosevelt, sons of the president, escaped injury tonight as their automobile plunged through a crossing gate and into a train in East Boston. John was badly shaken up, but his brother emerged without any apparent ill effects.

The front of the car was smashed. But the Roosevelt brothers—only occupants of the machine—were dismissed from a hospital, attendants said, after an examination revealed no injuries.

John, a sophomore at Harvard University was driving. He told police he did not see the crossing gate.

He was taking James, eldest son of the president to the airport to take a plane for New York.

They left the hospital for an undisclosed destination. A crowd surrounded the car as soon as the identities of the occupants became known and sought to strip it for souvenirs. Police held it back with difficulty.

Police said a serious accident probably was averted by the fact John swerved the light roadster to a path parallel with the train. It wedged against a post.

William J. Norton, operator of the train, brought it to a quick stop. The accident occurred at the Maverick street crossing. John Ford, a mechanic, who towed the car to a garage said it was on the tracks.

The Roosevelts were rushed to the Peter Bent Brigham hospital immediately after the accident. Hospital attendants said they remained only three minutes and left.

President Roosevelt is on a fishing cruise in the Panama canal territory and Mrs. Roosevelt was at a New York broadcasting studio for an address when the accident occurred.

Mrs. Roosevelt made no immediate comment. She plans to return to Washington tomorrow.

John was arrested in New Hampshire some time ago on a speeding charge and posted bond. Authorities there recently asked him to make an appearance to set a public example.

James formerly lived here, but recently became connected with a company at Newark, N. J.

Death Sentence Imposed on Bruno Hauptmann is Upheld By Court of Errors, Appeals

DEFENSE MOTION FOR A DIRECTED VERDICT DENIED

Trenton, N. J., Oct. 8.—(P)—The death sentence imposed on Bruno Hauptmann for the kidnapping-murder of Charles A. Lindbergh, Jr., was unanimously upheld today by the court of errors and appeals, leaving him only three very doubtful avenues of escape from the electric chair.

Supreme Court Justice Thomas W. Trenchard will fix a new execution date for Hauptmann and unless his lawyers successfully pursue one of the three courses open, the stolen German carpenter will pay the penalty decreed at Flemington by a jury of eight men and four women.

The thirteen members of the court who voted to sustain the Flemington verdict swept aside every one of the legal points raised by Hauptmann's counsel, held that the trial was legally proper in every respect, and concluded that the verdict was "one to which the evidence inescapably led."

For the first time since he was arrested in the Bronx on September 10, 1934, Hauptmann manifested anything approximating despair. His present chief of counsel, C. Lloyd Fisher, broke the news to him in the death house.

"I never did this and surely they will find that out before it is too late," Hauptmann told Fisher. His first words, though, indicated a regard for his wife, Anna's, feelings.

"My God, what a fine anniversary present for Anna," he exclaimed. The Hauptmanns will have been married ten years tomorrow.

After the first shock, prison officials said, Hauptmann quickly recovered his customary calm and relaxed in the cell, the walls of which are liberally plastered with pictures of his wife and son, Manfred.

Late today, Egbert Rosecrans, defense lawyer, said the case probably will be appealed to the supreme court. Fisher, however, said new evidence had been uncovered, a circumstance which might merit a new trial. Rosecrans, however, said:

"I don't believe we have grounds now for a new trial. We can go to the supreme court, however, because a ruling was made on the constitutional questions raised."

"We can also go before the board of pardons, but I think he will appeal to the supreme court first."

Rosecrans said he will confer this week with Fisher and Frederick A. Pope, the third defense attorney.

The court of pardons can commute a sentence to life imprisonment, but rarely does so.

Sixteen members of the full court were on the bench when the decision was announced, but Justice Trenchard and two new lay judges had the voice in the case. Trenchard, as trial judge, was automatically barred from the deliberations, the other judges were appointed after the appeal on June 30.

The opinion was written by Supreme Court Justice Charles W. Parker, 73-year-old member of the court. It was nearly 14,000 words in extent and was preceded by a syllabus, noting briefly the sixteen points raised by the defense.

Davis Declares Republicans To Return To Power
 St. Louis, Oct. 9.—(P)—Definite trend toward the return of the Republican party to power was reported today by United States Senator James J. Davis of Pennsylvania.

Davis said his travels over the country had convinced him the people were "fed up" with the program of spending carried on by the Roosevelt administration. He predicted Pennsylvania in its off-year elections this fall would be overwhelmingly Republican.

The senator declared there are still 10,000,000 unemployed in the nation and expressed belief the \$4,000,000,000 WPA fund would not reduce the figure "nearly so much as many have been led to believe."

"Unless there is a restoration of business confidence in America, and business is permitted to go ahead unfettered and unhampered by the federal government, there will be more unemployed in our land than before the government began to expend its PWA funds," he said.

Senator Davis was here to reinstate a lodge of the Loyal Order of Moose of which he is director general.

AUTO CRASH VICTIM
 Macon, Ill., Oct. 9.—(P)—A young woman about 30 years old, believed to be Florence Moore of Perryville, Mo., was killed today when her car (Ford V-8) skidded from a wet pavement, rolled over and crashed into a telephone pole on route 51 south of here. The woman was traveling alone.

GIRL SAVES BROTHER
 Quincy, Ill., Oct. 9.—(P)—Betty Lee Wolcott, nine, saved her seven-year-old brother from serious burns or death today when she drenched him with a pail of water after his yard was lit by a bonfire.

The boy suffered only minor burns.

Property Settlement Gives Actress \$850 Month. And \$163,000 Securities
 Los Angeles, Oct. 9.—(P)—John Barrymore, who made a fortune at making love, was divorced and separated from a good share of his wealth today by beautiful Dolores Costello. Blue-eyed Miss Costello testified Barrymore "made no effort to see me" after eluding his protegee, brunette Elaine Barrie, in a cross-country race.

The 33-year-old actor merely dashed in and out of Los Angeles, his wife, herself a former screen star, testified.

The 19-year-old Miss Barrie said in New York she was "not particularly interested" in the divorce. A property settlement gave Miss Costello \$850 a month and \$163,000 in securities. She must pay premiums on her \$300,000 life insurance policies for the children's benefit.

Barrymore kept \$100,000 in securities, three parcels of real estate including their Beverly Hills mansion, and the yacht Infanta, on which the actor now is reported at sea off Miami, Fla.

Although the size of the award to Miss Costello indicated no pecuniary necessity for it, reports have been circulated that she might attempt to regain the fame she won in pictures before she wedded the actor seven years ago.

In low tones Miss Costello testified she last saw Barrymore August 23, 1934.

"A situation arose in Vancouver and I was forced to leave the yacht and come home to Los Angeles by train," she said adding that Barrymore followed several days later.

Labor Shortage in West, Says Myrick

Former Jacksonville Man Describes Conditions in California

Another account of improving business conditions in southern California was given here yesterday by A. R. Myrick, who with his family has arrived from Visalia, Calif., for a visit with Jacksonville and Morgan county relatives. Mr. Myrick's description of western conditions tallies with observations of several other persons who have returned from California during the last few months.

"Of course we have families on relief," Mr. Myrick said, "but the man who really wants work can get a job. There is a shortage of common laborers for the ranches and orchards; and they make 25 cents an hour."

Myrick said the government has put through a number of large projects which have taken up the slack on unemployment. This leaves private employers with a much smaller group from which to select help.

Mr. Myrick was formerly in the garage business on South Sandy street here, moving to California six years ago where he operates a garage at Visalia. He was accompanied here by Mrs. Myrick and their three children, Albert, Shirley, and William.

The family is visiting Mr. Myrick's aunt, Mrs. Ada Harvey, of East Lafayette, a cousin, her mother, Mrs. Rhoda Covey, of near Nortonville, and other relatives.

SIGNAL MAINTAINER OF ALTON RAILROAD HAS FRACTURED LEG

White Hall—B. F. Chouning, Alton railroad signal maintainer, suffered a broken leg Sunday evening when he stepped out of his car at the home of his mother, Mrs. Lida Chouning, at Brighton. He was removed to St. Joseph hospital in Alton where he will remain for some time.

He and his wife had driven to Brighton to visit the mother, and he stepped into a hole, causing the injury. Mrs. Chouning is staying at Brighton this week in order to be near the hospital.

Mr. and Mrs. Charles Gano, Misses Ethel Bradshaw and Eleanor Rhodes were in Jacksonville Saturday evening.

Glen Vandever and his son and daughter have moved into Mrs. Henry Porter's house on Carrollton street. They have been residing with Mrs. George Spangenberg on the same street for the past several months.

Mr. and Mrs. Ray Osburn and little son of East St. Louis spent the week end with his parents, Mr. and Mrs. Dan Osburn, on West Franklin street. Jack Anderson who is a pre-medical student in the St. Louis University spent the week end here with his parents, Mr. and Mrs. R. B. Anderson, on East Bridgeport street.

Mrs. Grace Lorton of Jacksonville spent Sunday here with her family on East Bridgeport street.

Misses Nellie French and Kate Ellis and Dr. W. H. Garrison and S. G. Sykes drove to Liberty, near Quincy, Sunday morning and attended a revival meeting in the Christian church there, where Rev. Lee Maynard of Pearl is conducting a very successful meeting.

George A. Luther of Louisiana, Mo., was a business visitor in Jacksonville yesterday.

If it fails to flush out waste and excess acids which cause bladder irregularity. Take buchu leaves, juniper oil, etc. in little green tablets called BUKETS. Works on the bladder similar to castor oil on the bowels. Poorly acting bladder can cause scanty flow, frequent desire, burning or backache. Home Economics Club at
Jerseyville Conducts
Initiation for 21

Jerseyville.—The Home Economics club of the Jersey Township High school held its first meeting of the year Monday, October 7, in the dining room of the home economics department at which time 21 girls were initiated into the organization. The candle service was used and following the ceremony a luncheon was served. Those initiated into the group were: Lily Brannon, Edna Calhoun, Pauline Cory, Helen Green, Mary Highfill, Ruth Kappler, Helen Kerns, Doris Lassauer, Bernice Little, Edie March, Ramona Medlin, Regina Mork, Margaret Prill, Helen Riddell, Mary Rowden, Virginia Rowling, Vivian Sears, Helen Schweickhardt, Helen Snyder, Dorothy Surgen, Kathryn Weiler.

The organization meeting of the club was held this week and the following officers were chosen to preside

EVERYONE HOPES TO OWN A HOME SOME DAY!

Why put it off indefinitely until you have paid hundreds of dollars in rent, and then wake up to the fact that you have paid for a home but don't own it.

Come in and let us explain how easy you may purchase shares paying a small amount each month until you have saved enough for a down payment.

A Home Loan may be made for the balance and repaid on easy monthly payments.

during the year. President, Ruth Kankel; vice president, Faith Arnold; secretary, Jeanette Powers; treasurer, Abbie Voorhees; reporter, Helen Nimetick. Miss Mabel Whitford was elected sponsor. The club will hold luncheon meetings at noon the first Monday in each month during the school year.

Wedding at Hardin
Miss Augusta Eleanor Eberlin and Thomas Payne Wilkinson, both of Hardin, were married Tuesday morning, October 8, at 8:15 o'clock, at St. Norbert's church in Hardin. The couple will establish their home on the Roy N. Bailey farm three and a half miles west of Hardin. Mr. Wilkinson is well known in Jerseyville, having visited here at the home of his daughter, Mrs. Mary Ryan.

Change Relief District
Effective October 15, the Jersey county Illinois Emergency Relief commission will again be placed in the Edwardsville district of which Carl H. Martini is the representative. Miss Mary E. Humphrey of Springfield who has been the representative for Jersey county has resigned her position. As the result of centralizing all of the accounting processes for the Illinois Emergency Relief commission in a Chicago office, the services of Mrs. L. E. Wilkinson of Jerseyville who has been serving as disbursing officer for Jersey county have been discontinued. In the future none of the checks for relief work here will be issued by the local organization.

Epler Mills, Virginia attorney, was a business visitor in the city yesterday.

Common Sense about HEADACHE

Usually a headache is due to high nerve tension. At such times all you need is a little Capadine. This remedy is very effective because it quickly soothes tense nerves and eases pain.

Of course headache may come from more serious sources. Sometimes it may be an abscessed tooth, or some underlying cause which only your family physician can discover. Meanwhile, avoid suffering as much as you can by using Capadine.

Capadine's action is unusually quick because it is liquid and its ingredients are already dissolved. No narcotics.

Forty Hour Week Now in Effect at Post Office Here

Temporary Revisions Made in Service; Employees Work Without Heat

With the arrival of the forty hour week for postal employees, and the extensive remodeling program now under way, the Jacksonville post office is in a period of rearrangement. The forty hour, five day a week law which was passed by Congress, was effective Oct. 1.

For a time, at least, the service may consist of only morning deliveries. The afternoon delivery Tuesday was dispensed with because of the forty hour law, the deliveries followed the same schedule as on Saturday.

Acting Postmaster Charles J. Ator said yesterday the present schedule is temporary, and that revisions are expected to be made in the service. Clerks at the post office are working under great handicap while the building program is in progress. There is no heat in the building, the clerks trying to keep warm with oil stoves. The mail is handled in cramped quarters while tarpaulins in some places protect the postal employees from wind and rain. Furnace connections may be possible by next Tuesday.

Brick work on the large addition is in full swing, the contractors having a large force of men on the job to finish the outside work before winter weather sets in.

Baptist Teachers, Officers in Meet

Quarterly Supper Tuesday Night; A. D. Hermann is Principal Speaker

The quarterly supper and program for officers and teachers of First Baptist Sunday school was held Tuesday evening in the church social room. Superintendent Leon Stewart presided. The principal address was given by Secretary A. D. Hermann of the Y. M. C. A.

Mr. Hermann emphasized the necessity for team co-operation in church work, using the team work in football and baseball as an illustration. He pointed out that each person should be willing to work where the most service could be given.

Milford Forwood sang two solos, with Miss Lena Clemens as accompanist. The program was followed by discussion of plans for the fall months and reports of the various departments. The report of the Sunday school secretary, George Bussey, showed an average attendance of 213 for the past quarter.

The pastor, Rev. F. D. Stone, gave a brief talk, emphasizing the need of more room for Sunday school classes. There was a large attendance of officers and teachers at the meeting.

FROM SPRINGFIELD
Mr. and Mrs. Edward Anderson, Miss Marguerite McCullough and Mrs. Edith Butler were Springfield visitors with relatives here Tuesday evening.

Mr. and Mrs. Paul C. Allen have returned to their home in Sapulpa, Oklahoma after a week's visit at the home of Mr. and Mrs. George Goebel, 1520 Mound avenue.

WAKE UP YOUR LIVER BILE

Without Calomel—And You'll Jump Out of Bed in the Morning!—Go to the Morning Star
The liver should pour out two pounds of fluid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks pink.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c. 50c. \$1.00 a box.

The Girls Club of the Jacksonville High school enjoyed their annual picnic last evening in the girls gymnasium of the school. Games were played, after which a picnic lunch was served in the cafeteria.

The committee in charge of the arrangements was Dorothy Fancher, chairman; Mildred Acres, Helen Hedden and Mary Roach. Plans were made for the initiation ceremony to be held today.

Centenary Aid Society Meets At Harbor Home

The Ladies Aid Society of the Centenary M. E. church met on Wednesday afternoon at the home of Mrs. Thomas Harber on Webster avenue. Mrs. T. H. Buckthorpe, president, presided over the meeting.

The program presented during the afternoon was as follows: Devotions—Mrs. J. W. Taylor. Readings—"Mrs. Stebbins conducts the meeting" and "Spreading the News"—Mrs. Edgar Stice. Accordion music—Miss Marjorie Aze.

During the social hour, refreshments were served by the hostess assisted by Mrs. D. T. Himmelf, Mrs. Lucille Hembrough, Mrs. Rollyn Trotter, Mrs. F. L. Ledford and Mrs. C. P. Seigfried.

Worth While Class At Ransom Home

The Worth While class of the Point church met with Mrs. Grace Ransom Tuesday afternoon, twelve members responding to roll call by naming a pioneer minister.

The Scripture lesson was presented by Mrs. Estella Hills. An interesting and instructive paper on "John Wesley and Francis Asbury," noted pioneer Methodist ministers, was read by Mrs. Sarah Ransom. Another interesting article on the new Methodist hymnal was read by Mrs. Hills.

New officers for the class were elected as follows: President—Mrs. Anne Coultas.

Secretary-Treasurer — Mrs. Clara Cooper

Teacher—Mrs. Estella Hills.

At the conclusion of the program the members enjoyed a social hour, two contests being conducted by Mrs. Aloina Richardson. Refreshments in keeping with the Halloween season were served by the hostess.

Founders' Day Will Be Observed by D.A.R.

Miss Effie Epler will address the Rev. James Caldwell Chapter D.A.R. at the Founders' Day meeting Thursday afternoon. Miss Epler, a former regent, will give a brief account of the founders and the history of the national organization.

The musical program has been arranged by Mrs. Wm. Barr Brown. The numbers will include selections by Mrs. Clara Moore, Nelma at the violin and piano numbers by Miss Mahala McGhee. Miss McGhee will also accompany Mrs. Nelma. A social hour will follow the program.

Miss Gratia Hall Hostess To Standard Bearers

The Standard Bearers of Grace M. E. church were pleasantly entertained at the home of Miss Gratia Hall, 1701 South Diamond street Tuesday evening. The class is sponsored by Miss Frances Griswold and Miss Mary Frances Gauder is the president.

This was a supper meeting, followed by a program, which included a play, illustrating Mexican life, entitled "The Clarin". Native articles, showing toys, costumes, utensils for cooking were displayed. These were loaned to Miss Griswold by Miss Margaret Kilder of the University of Illinois, who has traveled and studied in Mexico.

Many members were present and enjoyed the unusually interesting program.

Pre-Nuptial Shower For Anita Schumm

Miss Elizabeth Frost and Jeannette Riley gave a miscellaneous shower and dinner bridge Tuesday evening, honoring Miss Anita Schumm at the home of Miss Frost, 350 West College. Bridge and pinocle were enjoyed. The bridge prize was won by Miss Bernice Watts. Miss Edna Busby won first prize in pinocle and floating prize went to Miss Frances Stanton. At the close of the evening a delicious two-course dinner was served. A miniature bride marked Miss Schumm's place at the table. Tall white tapers and a centerpiece of white roses helped in carrying out the color scheme of white. Following dinner Miss Schumm was presented with many lovely gifts.

Those present other than the guest of honor and the hostesses were Misses Frances Stanton, Bernice Watts, Pauline Galley, Edna Busby, Frances Craft, Zella Scott and Mrs. Helen Gibbs.

Wheat Prices

Rule Higher

By John P. Boughan

Associated Press Market Editor

Chicago, Oct. 9.—(P)—Wheat prices

ruled higher most of the time today,

but reacted at the last as a result of

somewhat increased selling then to

realize profits.

Helping to give an undertone of

strength to wheat values the greater

part of the day was word of improved

export demand for Canadian wheat.

Besides, official advices pointed to

urgent need of rain in northwestern

sections of domestic wheat territory

and said general rains would be ben-

eficial, notably in Kansas, where

throughout practically all parts of the

state subsoil moisture is deficient.

Wheat closed easy, at the same as

yesterday's finish to 1 lower, Dec.

1041-1, corn 1-11 off, Dec. 611-1, oats

1-1 down, and provisions showing 12

to 22 cents decline.

Much of the trade in wheat here

today was of a local character. This

circumstance was reflected in the fact

that although highest prices of the

day were reached in the final half

hour with an all-around rise of 1 to

15 cents, the profit-taking that en-

sued more than wiped the gains. Pro-

fessional traders were conspicuous in

thus lightening their load.

CALL FOR REPORTS

OF ARMY WORKERS

Rev. Lothian announces that it is

desirable that all who have been

enrolled for the Salvation Army

bring their reports to the Chamber

of Commerce this afternoon and

make a report as far as they have

gone. If impossible to be there, re-

ports should be sent in so that the

total may be determined.

The women's division, so far as

heard from, is doing very fine work

in the residential district, under the

able supervision of Mrs. A. L. Davis.

It is desirable that they too report

at the C. of C. today at 4 p. m.

Mrs. A. L. Davis is also arranging

for Tag Day this coming Saturday, in

fact all arrangements are complete.

Form Association Of Blind in County

The Morgan County Association for

The Blind was organized Tuesday night at a meeting held at the Illinois School for the Blind. About forty charter members were in attendance at the gathering, and officers were elected. It is the purpose of the association to look after the welfare of the blind in the county and give special attention to the problem of relief. The blind of this county have not been getting their pension for the past three years.

It is the plan to affiliate the association with the Central Committee for the Blind of Illinois, with which sixteen county associations are already affiliated. The committee will meet Oct. 19 in Springfield, and the chairman and two directors of the association will carry the application for membership to this session. Officers of the new association here are:

Chairman—Robert Elmore, Alexander.

Vice Chairman—Albert W. Ruyke.

Secretary—Treasurer—James Cox.

Directors—Messrs. Sheppard and Steber.

Business visitors in the city yesterday from Waverly included A. H. Dewey.

J. E. Long, manager of the Morgan County Home, was a Wednesday caller in Jacksonville.

S. B. Kunkle of Alexander was transacting business here yesterday.

FUNERAL RITES FOR DR. SAWYER TO BE SUNDAY

Local Retired Dentist Is Killed In Florida By Automobile

Funeral services for Dr. Charles B. Sawyer, 77, well known retired dentist of this city, who was killed in an automobile accident in Miami, Fla., will be held Sunday afternoon at 2:30 o'clock at the Reynolds Chapel here. The services will be in charge of the Elks lodge and burial will be in Diamond Grove cemetery.

The body will leave Miami this morning at 11 o'clock and will arrive in Jacksonville at 3:30 o'clock Saturday over the Chicago & Alton railroad. The body will be accompanied by Mrs. Helen Sawyer Doan and upon its arrival here will be taken to Reynolds Mortuary.

Dr. Sawyer was killed Tuesday night when he was struck by an automobile reported to have been driven by Mrs. Mary L. McMichael. Mrs. McMichael was not held. An inquest has been set tentatively for Friday morning.

Oldest In Profession

Dr. Sawyer was the oldest member of his profession not only in Jacksonville but in this section of Illinois. He supplied the museum of Northwestern University with many old dental instruments. He was demonstrator of Prosthetic dentistry in 1887 and 1888 at the Chicago College of Dental Surgeons, located at Madison and Dearborn streets.

Dr. Sawyer began practice in 1861 on the north side of West Court street. His father was Dr. C. K. Sawyer, dentist, and his mother was Virginia Briggs. Later he had an office on South Main street over the old Post Office building.

Removing from South Main, he opened an office in the Old Troy building, where the West State A. and P. store is now located. This was a ground floor location. From there Dr. Sawyer moved across the street to the new building erected by Richard Yates, and after a time in this location, he moved his office to the Miller bank building, now occupied by the Miller Bank Shop. When the Avera bank building was erected with the town clock, Dr. Sawyer had his office directly under the town clock.

When Dr. Carl E. Black converted the residence of his father on East State street into a physicians' building, Dr. Sawyer was associated with Dr. E. L. Crouch, Dr. George Stacy, Dr. A. R. Gregory, Dr. C. E. Black, Sr., Dr. George E. Baxter, now of Chicago, in the practice of his profession. From this location Dr. Sawyer moved to the Morrison block when that building was built and had a suite of offices facing West State street.

Later Dr. Sawyer moved into the Wolcott building, 71 public square, and shared office with Dr. Thomas Buckthorpe. The location afforded excellent laboratory facilities in the rear and here Dr. Sawyer found opportunity for some further explorations and investigations in operative and applied dentistry which had been an obsession for a life time.

When Dr. G. V. Black, father of modern dentistry, was writing his work on operative dentistry, in connection with the American system of dentistry prepared by Dr. Wilbur Litch, Dr. Sawyer read many proof sheets as they came from the printer and was also in close touch with Dr. Black when he prepared his book on "Dental Anatomy."

No Medical Requirement.

When Dr. Sawyer began the practice of his profession, there was no medical requirement, so after an education at the Jacksonville High school he became a member of the work of active practice. When Dr. Sawyer began practice chloroform and ether were not used to allay pain in the extraction of a tooth.

He was a member of the Illinois State Dental society, the National Dental association, the Morgan County Dental society and an honorary member of the Missouri Dental association.

Dr. Sawyer was born on West Court street. Later his family moved to South Church street and at that time there was only a foot bridge over the brook and a small wooden bridge for wagons.

He was married in 1864 in Walker, Missouri. Mrs. Sawyer died in 1902. He was affiliated with the Episcopal church and the late Dr. Charles Eaker, one time rector, was a brother-in-law. Dr. Sawyer was a member of Jacksonville Lodge of Elks, a charter member of Jacksonville Lodge, No. 192, Knights of Pythias, and one time member of the Order of Red Men.

Dr. Sawyer retired from active business in the spring of 1934, and about a year ago went to Miami, Florida, where he has since made his home with his sister, Mrs. Helen Sawyer Doan.

He is survived by his sister in Florida, one daughter, Edith, Mrs. Edward Gray, of Kansas, four grandchildren and one niece, Mrs. Kathleen Easter Sweeney, of Chicago. One son preceded him in death.

For a quarter of a century Dr. Sawyer lived at the home of Mr. and Mrs. H. C. Clement in this city.

H.S. STUDENTS ACCEPTED FOR STATE CHORUS

Group To Take Part In Concerts At Champaign Next Month

Notice has been received here that five Jacksonville High school students have been accepted for the state chorus which will be held in Champaign, November 22. Those from the local school who were named as members are Jerry Underbrink, second tenor; Philip Riggs, first tenor; Richard Hopper, bass; Carol McClelland, second soprano; and Ann Spink, alto. Underbrink, Hopper, and Riggs are in the Boys' Glee Club while the girls are each members of the Treble Clef organization.

The state chorus is held every year at Champaign at the time of the fall state teachers institute. It is composed of 25 High school pupils from all over Illinois. Each school sends in applications for as many of their singers as they wish and the chorus association accepts those who seem most desirable. Jacksonville has been represented every year for several years.

The group will go to Champaign on November 20, spend two days rehearsing under the direction of Ralph M. Holmes of the University of Illinois, who directed the chorus last year, and take part in the final concerts the afternoon and evening of the 22nd. By that time they will have to have memorized 10 numbers, totaling 95 pages, under the supervision of Miss Lena Hopper, high school music director. Miss Hopper will accompany them on the trip.

OBSERVE FIRE PREVENTION WEEK AT MEET

State Fire Marshal Coults Is Speaker At Lions Club Session

State Fire Marshal Sherman Coults spoke to the Lions Club last night as a feature of the state wide celebration of fire prevention week. The marshal, member of the club and resident of Jacksonville, praised the local fire department as rendering full co-operation in the program set up for this year's objective.

The governor's proclamation was read and significant gains made in cutting down fire losses in the past year, and containing the charge for continued efforts to the citizens. Coults stated the successful formula for the work as being "a program of prevention plus adequate fire fighting apparatus plus fireproof construction." He pointed out that no gains in this direction could be made unless all activities began with the individual who felt the responsibility of the task which he could perform.

One of the interesting moves which the state has made in maintaining greater fire fighting efficiency is the State College for Firemen at the University of Illinois. Each June, firemen of the state gather at the school for instruction in every phase of their service. It is noted, the marshal pointed out, that district schools can be set up in the future in order that the University may present advanced material for greater efficiency in specialized departments, such as rescue work and knowledge of modern chemicals that play an ever increasing part in modern firefighting.

Plans were made by the club to make a special feature of next week's meeting. The club is to entertain at that time W. P. Shaheen, secretary of the State Tuberculosis Association. He will give a lecture illustrated with motion pictures, in relation to this work. This will be the only showing of this film in Jacksonville and perhaps the only immediate appearance of Mr. Shaheen. The topic is of especial interest in view of the coming election concerning enlargement of facilities at the local tuberculosis sanatorium.

FIRE DEPARTMENT PAYS SURPRISE TRIPS TO LOCAL SCHOOLS

Members of the Jacksonville Fire Department paid surprise visits to all the public schools yesterday, carrying fire alarms and watched the children march in an orderly fashion from the buildings.

The principals and teachers had not previously been notified of the visits, but they handled their charges in a quick and orderly way.

The firemen reported that the Jefferson School opening with a roll call, building faster than those at other schools, but that all the schools showed the results of previous fire drills and the children marched from the buildings rapidly.

The firemen did not visit the high school.
